First, let's assemble the low arm section.

Place arm on  
left hand side.

# 1.

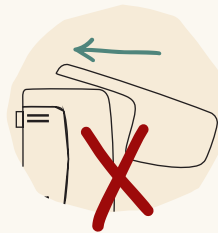

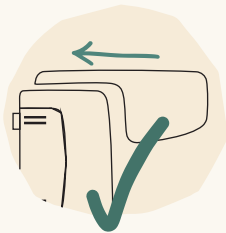

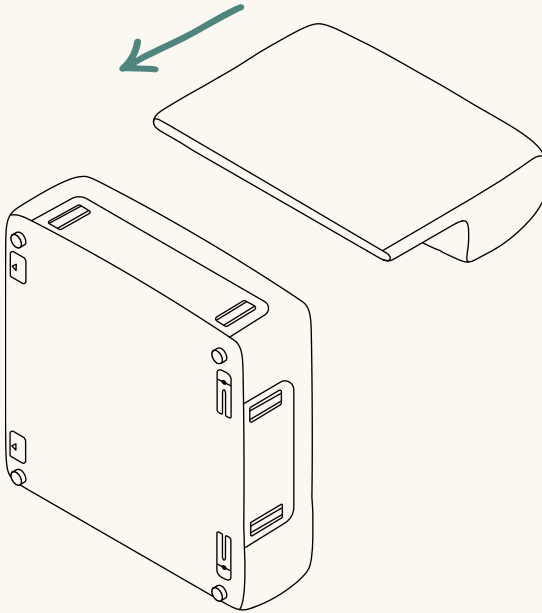

Turn seat up onto its side.

## 2.

Align brackets between the back and seat and slide back into place.

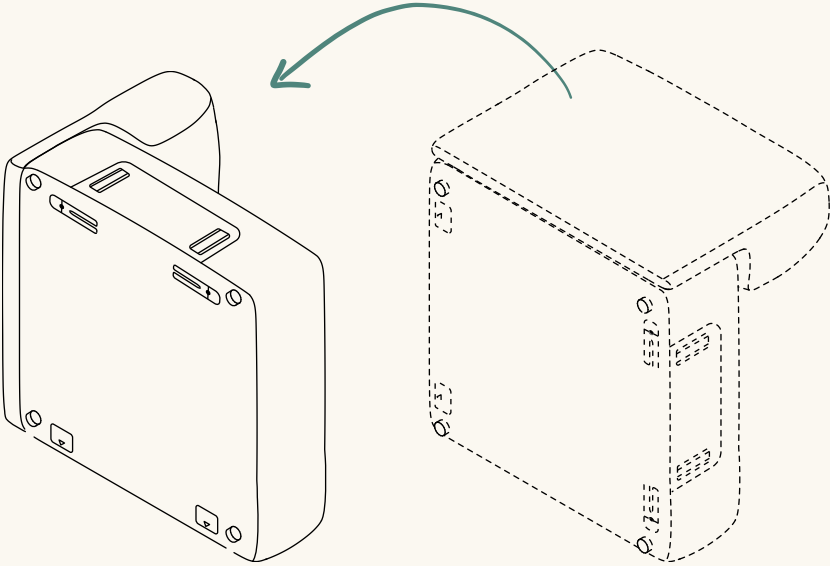

We recommend having one person slide the back piece on and the other holding the seat in place.

### 3.

Rotate 90 degrees and flip onto its side.

Arm brackets should be facing the ceiling on the side you would like the arms on.

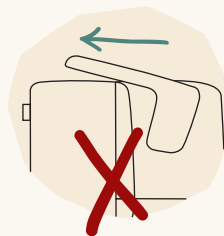

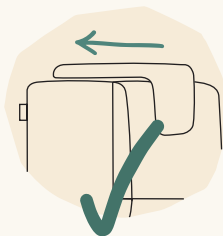

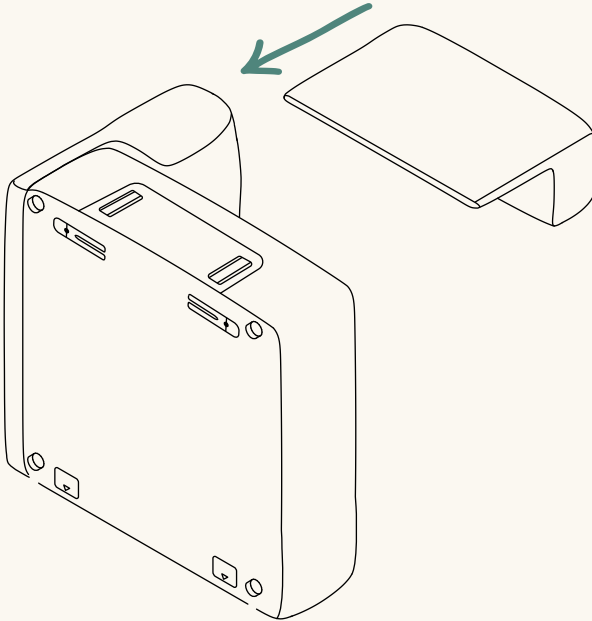

# 4.

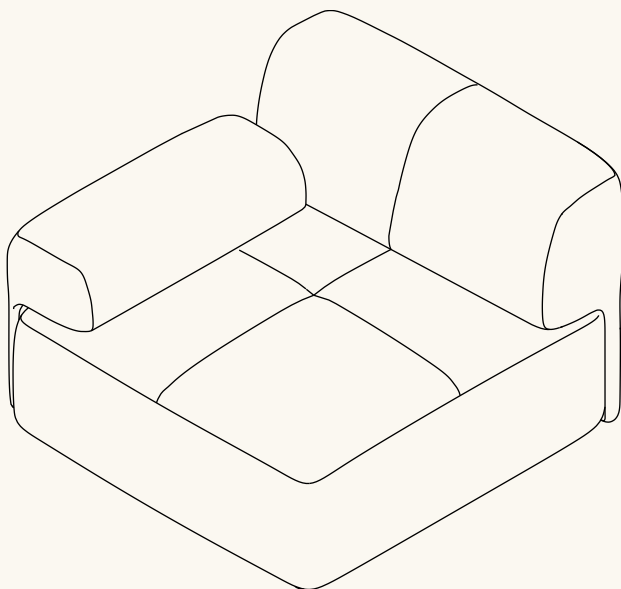

Align brackets between the arm and seat and slide arm into place.

We recommend having one person slide the arm piece on and the other holding the seat in place.

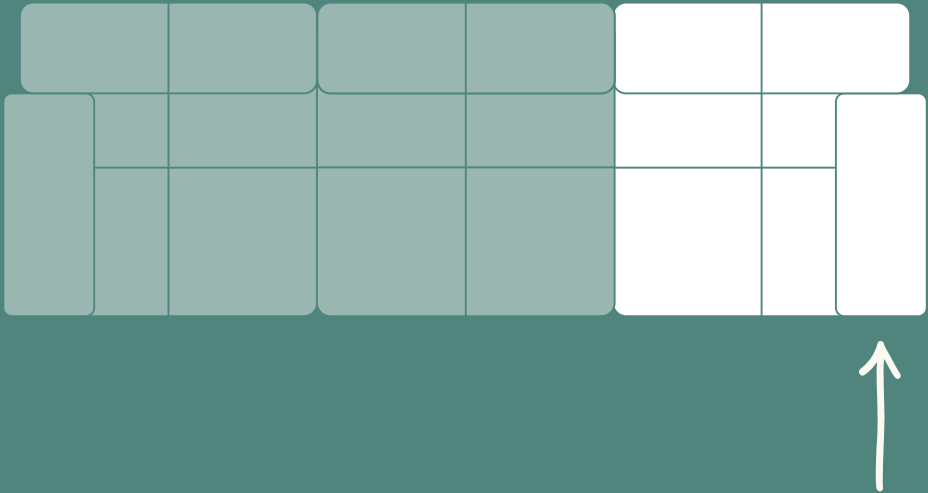

# 5.

This module is now assembled!  
Flip upright and set aside.

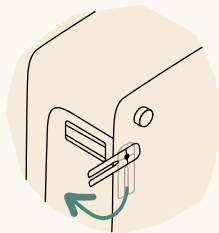

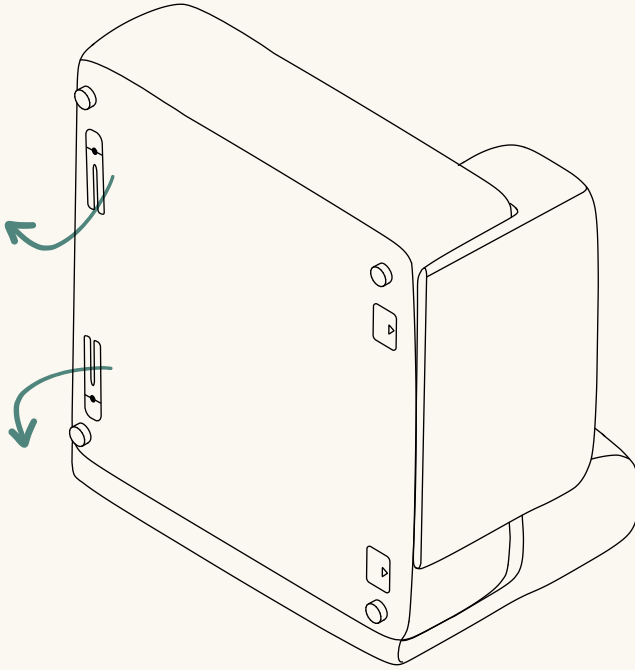

To assemble the right side,  
repeat steps 1-4 but place the  
low arm on the right side.

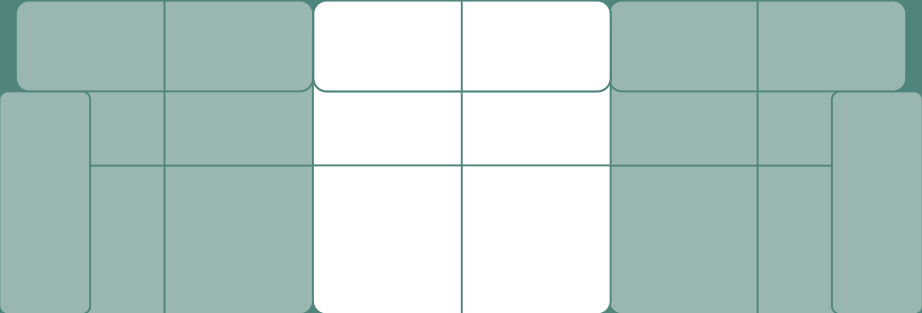

Place arm on  
right hand side.

# 6.

Rotate the brackets out.

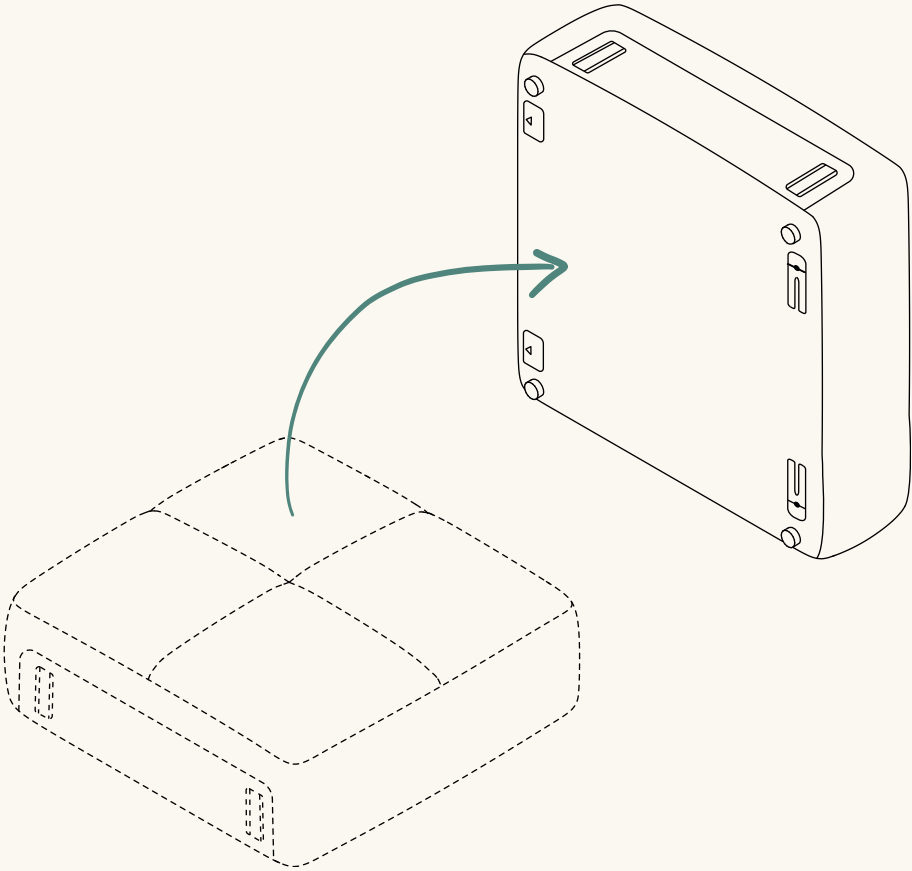

Now let's assemble the middle section.

# 7.

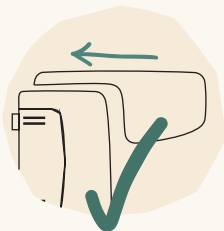

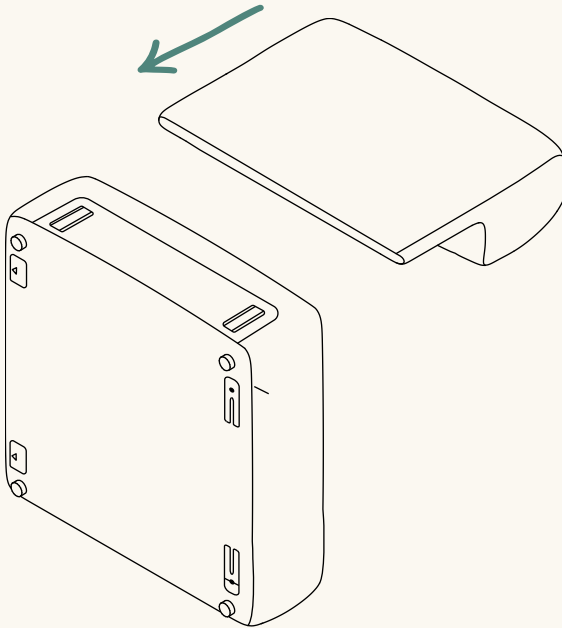

Turn seat up onto its side.

# 8.

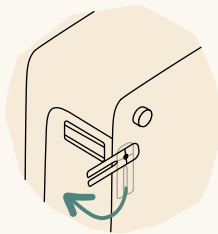

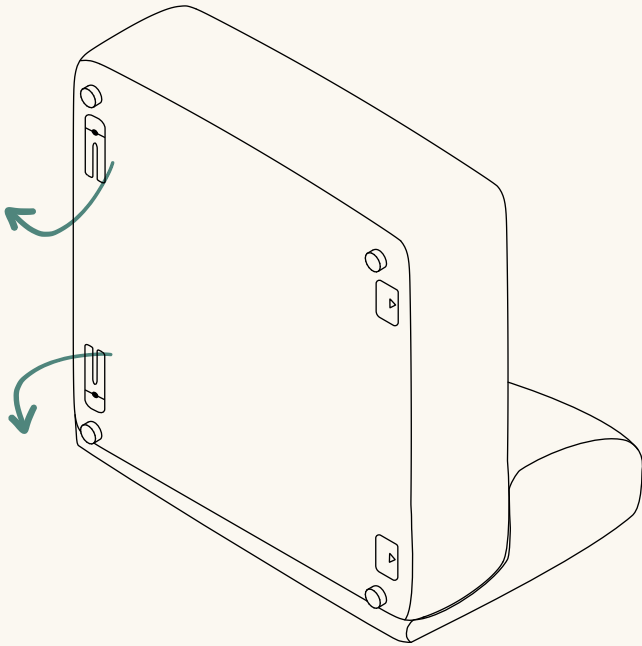

Align brackets between the back and seat and slide back into place.

We recommend having one person slide the arm piece on and the other holding the seat in place.

# 9.

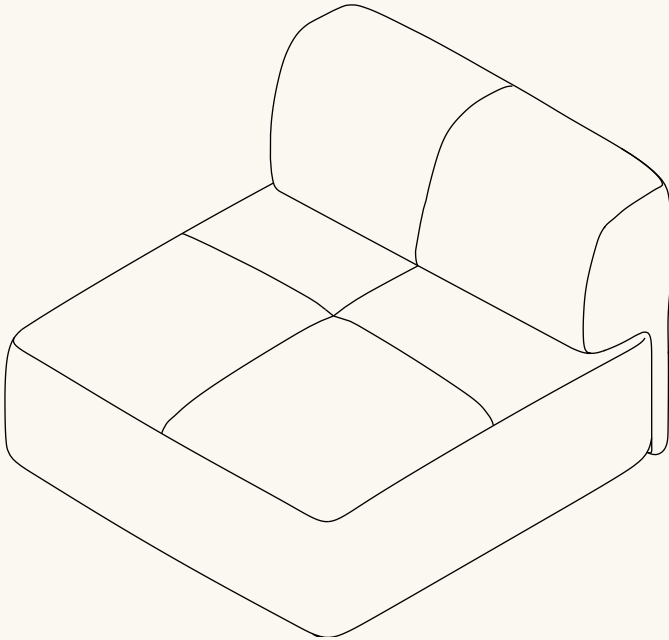

Rotate the brackets out.

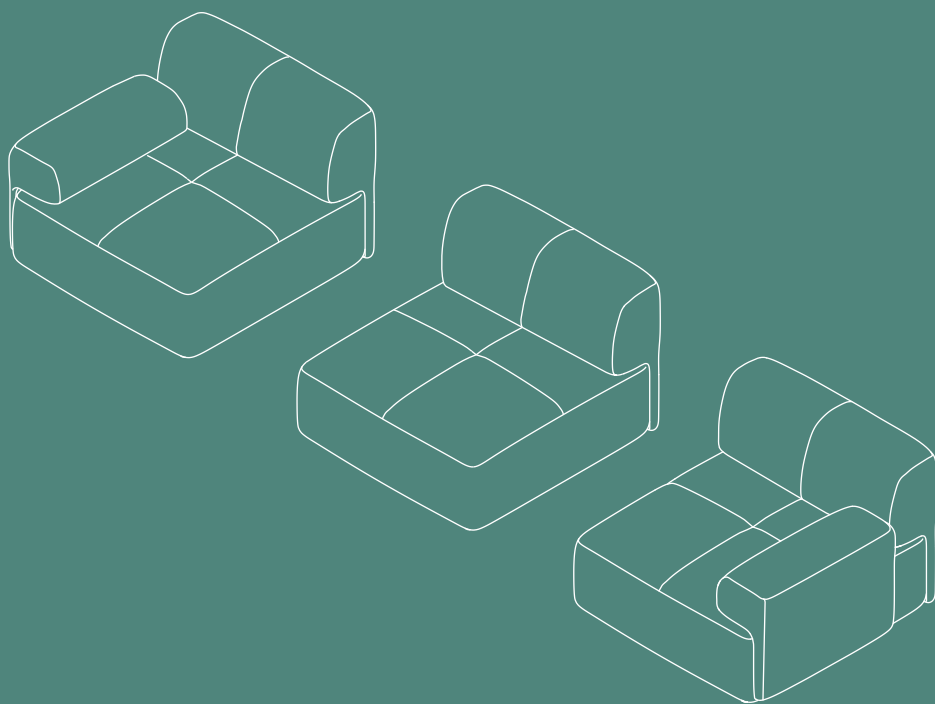

# 10.

This module is now assembled!  
Flip upright and set aside.

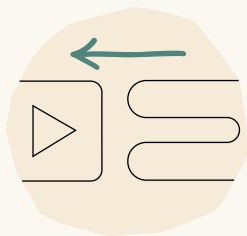

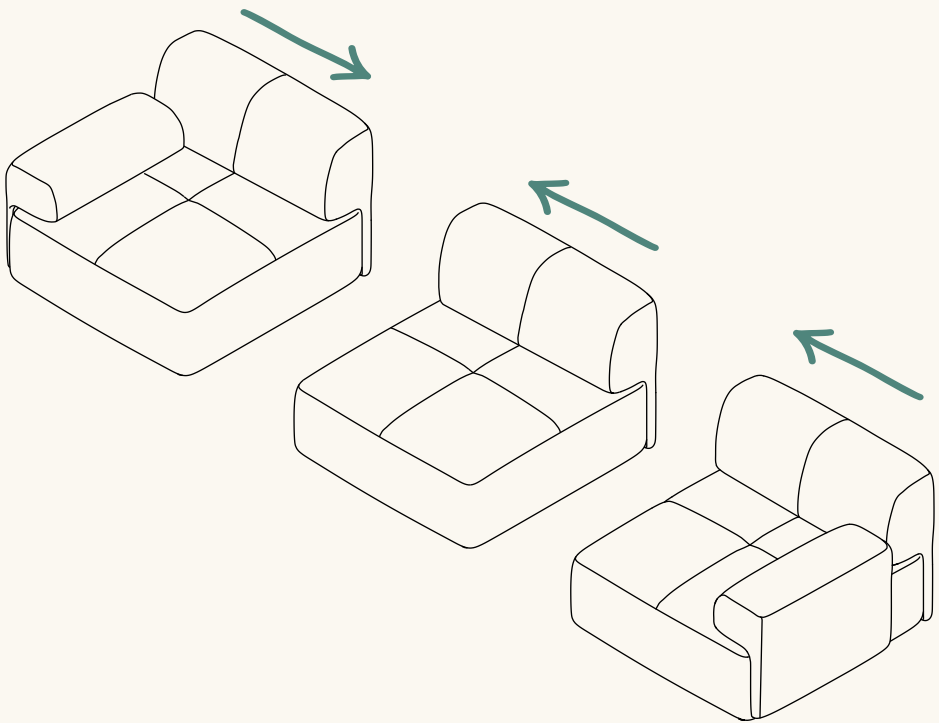

Choose where you would like your Everyday Sofa to live and then it's time to connect the modules together.

# 11.

Align connectors and push modules together.

These will click together and lock the pieces.

# 12.

Add your scatter cushions and enjoy!
